Admission to the Campuswide Honors Collegium

There are two paths to admission to Campuswide Honors for transfer students:

1) Honors to Honors

The Honors to Honors* program is offered by UCI's Office of Admissions, for students who will successfully complete an approved community college honors program with a GPA of 3.7 or better. Eligible students must apply to UCI and be nominated for Honors to Honors by a community college honors director at one of 60 California partner colleges. See the full list of eligible community colleges at honors.uci.edu/prospectivetransfer/. If admitted under Honors to Honors, students receive admission to both UCI and Campuswide Honors as well as priority consideration for merit scholarships. The community college honors program must be completed by the end of the spring semester prior to transfer.

2) By Application

All other transfer students may apply to Campuswide Honors by the end of week 2 of fall quarter OR after completing one quarter at UCI as a full time student (12 units taken for a grade) with a cumulative GPA of 3.5 or above. Students must apply no later than the end of week 2 of the winter quarter of their first year at UCI. For honors course requirements see honors.uci.edu/transfer/.

**Honors to Honors is independent from, and should not be confused with, the Transfer Admissions Guarantee (TAG), which guarantees admission to UCI for transfer students who meet certain criteria. Contact UCI's Office of Admissions for more information about TAG.*
